IDEATION - Sketch at least 5 radical ways to meet your users' need

1. Write your problem statement that you developed last week:

8 Low income communities don't have opportunities put in place for them to succeed.
 [User description – please note this is not a name a specific group of users that you identified having this type of problem]

Needs a way to: open a window of opportunities for the communities.
 [user's need]

2. These are all my ideas/ solutions that could potentially address this problem for my users - Sketch at least 5 radical ways to meet your users' need.
